

Name _____

Drum Break Project

Instructions. Students will create a music piece based on the deconstruction of a drum break. Break beats can be found at <http://www.junglebreaks.co.uk/breaks.html>. Each instrument needs to be split and reconstructed into a drum beat by following the anatomy of a drum beat. A sample based song is to be created using the reconstructed beat as the only drum part.

	1	2	3	4
Beat creation	no variations of the beat	only 1 variation of the beat	2 variations of the beat	3 or more variations of the beat happen throughout the piece
Splits	Splits contain too much either before or after the hit	somewhat clean	mostly clean	Splits are clean
Length	24" or less	25"-35"	35-45"	45" or greater
